**UNITY ON THE BAY PRESENTS 2ND ANNUAL FREE COMMUNITY RESOURCE FAIR,
UNITY IN THE COMMUNITY: SUPPORT FOR EVERYDAY CHALLENGES
SATURDAY, MARCH 20, 2009**

Unity on the Bay will be bringing together a wide variety of resources in the 2nd annual one-day free community resource fair to address the wide range of issues affecting our congregants and neighbors in today's challenging economy. *"There are very few people in our community whose lives have not been affected by today's current economic crisis. I applaud Unity on the Bay for their dedication and commitment to ensuring the well-being of our residents," says City of Miami Commissioner, Marc Sarnoff.*

From overwhelming credit card debt, to imminent loss of home through foreclosure, or to facing illness without insurance to how to deal with the red tape of a first time need to apply for food stamps. This community outreach program takes place on Saturday, March 20, 2009 from 10:00 am to 4:00 pm at Unity on the Bay, 411 NW 21 Street, Miami, Florida.

Over 50 private and public entities will join together to provide much needed information, and support for anyone in the community that is affected by current economic conditions or unexpected life changes. Services will be directed at issues ranging from unemployment, food stamps, immigration and mental health services to proactively managing health issues with screenings for HIV AIDS, high blood pressure and diabetes. There will also be financial services support such as banks, real estate and debt consolidation companies ready to help with foreclosures, loan modifications, bankruptcies, credit card issues and much, much more. Along with all this information, there will be food and fun for the kids.

About Unity on the Bay: We are a dynamic Spiritual Community dedicated to the transformation of ourselves and the world, a Spiritual home whose collective energy quickens healing and wholeness.

Unity in the Community is presented by Angels Everywhere a Unity on the Bay community outreach service group.
